Impressive villa with large plot of land for sale, very close to the center in La Nucía

This chalet offers the advantage of being located in an area very close to all the facilities and services in the center of the town but, at the same time, it is surrounded by pleasant green areas and has beautiful views of both the mountains and the countryside. The house is mainly distributed over two floors, although it has a ground floor where we find a garage with capacity for three cars. The main floor is divided into a living-dining room with a fireplace and access to a covered terrace with a southeast orientation and, therefore, morning sun, a very spacious independent kitchen, a bedroom and a bathroom. On the first floor we have another three bedrooms and two bathrooms. Both the main bedroom and one of the secondary ones have access to two other terraces. The house is heated with gas central heating. Next to the pool area we find a house with a large barbecue and summer kitchen. It is the ideal house for people looking for proximity to shops and services, as well as the tranquility of the countryside.
